Authentication

We use your PSA login credentials to generate an access token that can be then used to make calls to our [REST API](#).

If you need a new access token, you may generate one by clicking the button below:

Generate Token

Access Token:

1. **Identify the subject and predicate** of the sentence.
 2. **Identify the main clause** and any subordinate clauses.
 3. **Identify the tense and mood** of the verb.
 4. **Identify the subject and object** of the verb.
 5. **Identify the adjectives and adverbs** in the sentence.
 6. **Identify the prepositions and conjunctions** in the sentence.
 7. **Identify the pronouns and determiners** in the sentence.
 8. **Identify the parts of speech** in the sentence.

6. Highlight the generated token and press Ctrl+C. (Do not include the wording Access Token)
